

ART SHOW

GOOD EARTH- DEEP ROOTS

VERNON
COUNTY
HISTORICAL
SOCIETY

CELEBRATE THE LAND, PEOPLE, AND EVERYDAY BEAUTY OF VERNON COUNTY

The Vernon County Historical Society invites the public to experience its first-ever winter art exhibition, Good Earth – Deep Roots. This two-week show celebrates the landscapes, people, and stories that make Vernon County a special place in the Driftless Region.

Thanks to recent HVAC system improvements, the museum is now open and comfortable year-round, making winter exhibitions like this possible for the first time. Experience rarely seen artwork of Vernon County's land and heritage from the museum's collection, a silent art auction featuring works by local artists, opportunities to tour the museum and explore new displays, with proceeds from the auction supporting museum programs and operations.

DATE & TIME

SATURDAY, MARCH 14 – THURSDAY, MARCH 26
